

## **QMTA – Guidelines for tuition rates for schools**

The Queensland Music Teachers' Association Incorporated recommended minimum rate for music tuition is \$76 per hour. This rate is for self-employed, private music teachers (who provide their own room, piano, equipment, etc.).

Schools, if paying teachers directly, may have to pay superannuation etc above this amount, and so may actually pay the teacher a lesser amount. They may also make allowances for room rent, piano, etc.

If the school is billing parents directly, the school may deduct an amount for an administration fee, as well as allowances for rent and piano etc.

Please NOTE: this is a recommended MINIMUM tuition rate. Many teachers charge more according to their experience, expertise or demand, some in excess of double this recommended minimum.
